

DRIVERS' LICENSE (USFJ 4EJ) CHECKLIST

1. Study carefully the attached "Driving in Japan" pamphlet; this is the current source of most of the test information.
2. Complete the attached 374 AW Form 50 as much as possible; have your sponsor obtain the appropriate Unit Representative signature on the form. This form is required for anyone wishing to obtain a license (dependents must have their own form). The 374 SFS Pass and Registration Office maintains a unit listing of personnel authorized to sign your 374 AW Form 50. They can be contacted at 315-225-8932 or 374SFS.S5P@us.af.mil for any questions.
3. Bring your completed 374 AW Form 50, your "Driver in Japan" booklet, pen, paper, and your current driver's license (US or other country) to Right Start or Local Conditions Orientation when you arrive. Ensure you register to attend Local Conditions/Driver's Training by calling 315-225-8725 or emailing their org box at 374fssfsfr@us.af.mil for current class schedule.
4. The combination of a correctly completed 374 AW Form 50 and passing the driver course during Right Start will ensure your timely acquisition of a driver's license upon arrival at Yokota. Please note you are not authorized to operate a vehicle until you have a USFJ Form 4EJ license.
5. AFRC typically hosts the Local Conditions Orientation from 1130 – 1400 on Thursdays as part of the Right Start program. Orientation days may be rescheduled during holidays, wing down days and wing inspections. Class room doors will be closed at 1130 and late walk-ins are not allowed.
6. If you have a language barrier with English and cannot read or take the test without assistance, please see how to obtain a Japanese driver's license with an interpreter (see attached How to get a Japanese Driver's License memo). For any other questions or concerns, please contact the Wing Safety office at 315-225-7233 or email the org box at 374aw.sev3@us.af.mil.
